AFRIWATER

8-10 September 2009, The Expo Centre, NASREC

The Biennial Water and Waste Exhibition and Conference

AFRIWATER 2009 will take place at **The Expo Centre, Nasrec, Johannesburg** from Tuesday 8th September to Thursday 10th September 2009.

AFRIWATER 2009 will be held in Hall 6 at The Expo Centre and will be open from 10h00 to 17h00 daily.

In conjunction with **AFRIWATER 2009**, **WISA** (The Water Institute of Southern Africa), will be holding a conference/workshop alongside the exhibition. The contents of the conference/workshop have still to be decided but will reflect the contents of the products and services on display in the exhibition area.

AFRIWATER 2009 is intended to provide an important platform for companies involved in the water and waste industry, with a view to offering solutions, products and services to all those endeavoring to preserve this precious resource.

Since the inception of **AFRIWATER** in 1994, this exhibition has played an important role in the water, waste and environmental forum. Specialised Exhibitions, in partnership with **WISA**, aim to bring you an affordable and meaningful exhibition as a platform to promote discussion, showcase for your products and services and ultimately the facility to build relationships with important players in the market, with a view to implementing sales.

Exhibitors should include water, waste and environmental products, services and technologies such as: Actuators, Chemical dosing & usage, Computer applications & solutions, Consulting and Civil Engineers, Filtration systems, Borehole applications, Ground-water applications, Industrial Effluent, Irrigation, Test and Measurement, Laboratory Equipment, Process Control, Metering Systems, Pipes, Pumps and Valves, Pollution Control, Water and Waste Water treatment, Environmental Monitoring systems, Drilling equipment, Sewerage and Sludge Treatment, Desalination systems, Dam solutions, Hydro, Solar and Wind Power.

Visitors to **AFRIWATER 2009** will include decision makers, specifiers and buyers in all relevant industries, including (but not limited to):

Municipalities, Water Boards, Mines, Industry, Engineering and Manufacturing facilities, Local and Central Government, Agricultural, Chemical, Institutes, Universities and Training Facilities, Petrochemical, Pulp and Paper.

Specialised Exhibitions will undertake an aggressive marketing campaign to attract specifiers, buyers, decision makers from across the board, using Advertising, PR, Direct Mail, Street Posters, Radio, On-line and e-mail campaigns to name but a few channels of communication. In addition Specialised Exhibitions will embark on a campaign to encourage decision makers from African Countries to attend the exhibition – focusing on our SADAC neighbours.
