

Introducing Montgomery Events East Africa Limited (MEEAL)!

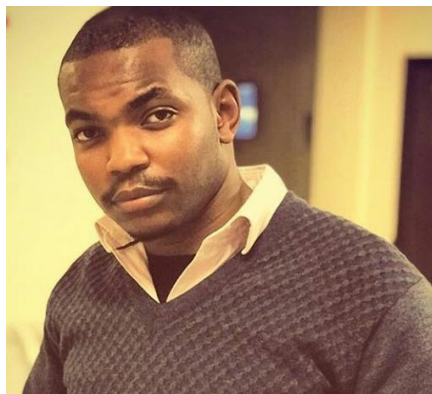

This is the office in Nairobi that formerly was a joint venture called MontgomeryECO but now is wholly owned by the Montgomery Group. MEEAL currently has 3 shows in its portfolio, namely: Propak East Africa catering for the printing, packaging processing and plastics Industry; Securexpo East Africa that encompasses security, fire and safety and The Kenyan food and hospitality event.

The Covid break has caused us to appreciate our small new team even the more. The office has a mix of ESC staff (the official show contractors) and MEEAL staff. A brief introduction to the Kenyan office MEEAL staff members:

Jacob Birundu Sales Manager

“I am about to celebrate my first-year anniversary at MEEAL, I was the first salesperson to join the team, can I call myself the first born? The team says that I am the quiet one, I just think that I am a man of few words. I love my job! The atmosphere is conducive. I feel listened to, understood, inspired, part of a team, competitively compensated and I best of all, I can be myself.”

Erick Mwangi Sales Manager

“Working here has been a great experience for me. Previously I worked in the UAE and I had just come back to Kenya to settle down when I landed the sales position, YEEIY!! The job has exceeded my expectations. I am definitely the talkative one in the team. Just to show how much I appreciate my new fam , I bring them snacks in the morning to have with the coffee or tea, I also fill water in everyone’s cup, they drink a lot of water during the day. I miss doing this.”

Angela Kinyua Portfolio Director

Covid-19 has really forced a new normal. Eric and Jacob are so easy to work with, there is never a dull day. I miss our non-paid staff, the monkeys, that show up every Thursday without fail as trash is collected in our area. Their jumping on the roof as we type away on our computers, their performance swinging from branch to branch as we have lunch ...memories are made of these”

All our team members make our small office feel like home and we cannot wait to get back to it and bring amazing exhibitions to the East African market!!
