## SOUTH AFRICA | 2021

### OSPAs Security Webinar

The Outstanding Security Performance Awards (OSPAs) has partnered with Securex South Africa 2021. The OSPA's provide the opportunity to acknowledge and reward companies, individuals, teams, and initiatives that make an outstanding contribution in safeguarding people and infrastructure around the world.

The criteria for these awards are based on extensive research on key factors that contribute to and characterise outstanding performance. The OSPAs currently run in thirteen countries: Australia, The Benelux, Germany, Ghana, India, Kenya, Nigeria, Norway, Romania, Adriatic, UK, USA and now South Africa.

Entry to the 2021 South Africa OSPAs will open later this year and nominations will be invited in the following categories: Outstanding Contract Security Company (Guarding), Outstanding Security Consultant, Outstanding Security Installer/Integrator, Outstanding New Security Product, Outstanding Risk Management Solution and Outstanding Security Equipment Manufacturer.

To find out more we invited all stakeholders within the Security industry to join us as the OSPAs hosted a free Thought Leadership webinar to address current security issues following the coronavirus pandemic, Covid-19: where to now for private security?

We had a great response with 250+ registered attendees and we look forward to what the OSPAs will bring to Securex South Africa 2021!
