

Electra Mining Africa Connect

Nothing beats face-to-face!

It was great to connect with industry colleagues during the Electra Africa Mining 2020 *Connect* week, but all agree that nothing beats face-to-face when it comes to exhibitions and to facilitate trade!

We thanked our partners for making the Electra Africa Mining 2020 *Connect* week a success and for delivering insightful and content-rich webinars.

You can watch the recorded webinars and view the newsletters at www.electramining.co.za
